

Halloween Wreath Crafts Fun

Halloween Wreath

What You Need

- Halloween wreath PDF
- A4 white cardstock or plain A4 paper
- Crayons, colored pencils, or washable markers
- Cardboard if you used A4 paper for printing
- Child-safe scissors
- Glue
- Hole punch
- Black yarn
- Ribbon
- Tape

Tutorial

- Print the templates onto A4 white cardstock or plain A4 paper.
- If using plain paper, glue it onto cardboard. Let it dry.
- Color the wreath and all the Halloween decorations.
- Cut out the wreath and decorations and middle of the circle.
- Make holes at the marked dots around the inside edge.
- Thread black yarn through the holes, crossing the open middle to make a spider web.
- Tie the yarn ends securely at the back. Add tape to hold them in place.
- Glue the Halloween decorations around the wreath.
- Tape short pieces of black yarn to the small spiders. Attach the other ends behind the bottom of the wreath.

Safety Reminder: Supervise children when using scissors, glue, and small pieces. Adults should cut the center and make the holes.
